RESOLUTION BELGIANS TO IS PASSED. PAID FRANCE

Peace Declaration Sending Troops to Wins in House. German Soil.

Paris Press Views England's Attitude in Crisis as "A Bitter Pill."

Italy's Attitude on Occupation Said to Concur with that of Britain's.

Enacted.

WASHINGTON, April 9.—The House of Representatives today passed a resolution declaring that it proposed to send troops to Germany to enforce the peace declaration adopted by the League of Nations today. It now goes to the Senate.

The resolution was adopted by a vote of 215 to 150.

Only a small Belgium unit, the strength of a battalion, will be sent, the soldiers probably going to Frankfurt.

Conditions are quiet in Frankfurt tonight. The entire day passed without incident.

PARIS, April 9.—Baron de Giffard, Belgian Ambassador, officially notified the French government this morning of the decision of the Belgian government to associate itself with the measures taken by France for the military occupation of Germany.

Great Britain's attitude relative to the advance of French troops into Germany territory east of the Rhine, as defined in press dispatches from London, is viewed by newspapers here as a bitter pill for France, and it is considered the action of Belgium supporting the policy of France hardly compensates for it.

SCORES LLOYD GEORGE.

"Perkins," the political editor of the Echo de Paris, writes an unusually savage article attacking Premier Lloyd George, whom he calls a "demagogue."

St. Brice of the Journal, with other foreign specialists, is more impartial, and blames all the allies of France in more measured terms.

"It is shown that false reports were spread by some American newspapers, and one of the rumors that President Wilson had sent an ultimatum to France, provoked the French attitude regarding the French occupation of Frankfurt."

The British attitude regarding the French occupation of Frankfurt will cause the opening of a diplomatic conversation between the powers of the Entente concerning the whole subject of action with regard to Germany, it was said today in official circles.

In this conversation the French attitude will be based first on military considerations, and second on the Treaty of Versailles.

The French accepted the treaty as finally signed and considered it a sort of charter as regards relations with Germany.

Great Britain, it is thought here, considers it rather as a sort of elastic base of settlement of European affairs, which is capable of diverse modifications.

SHOWDOWN COMING.

Conciliation of these viewpoints will be the object of the ensuing negotiations, during which France, it is said, probably will ask Great Britain whether it stands for execution of the Treaty of Versailles.

It is recalled that Articles XLII, XLIII and XLIV of the Versailles Treaty defined the rights of the victors in the execution of the treaty.

When the French arrived at the point of view that Germany had been prepared for her and declared that it was poisoned.

She seems to think that a plot is on foot among some of the allies of France to poison her, and she declares that it was poisoned.

PUTS OUR POPULATION AT 577,906.

WASHINGTON, April 9.—Unofficial figures which became public here tonight put the population of the city of Los Angeles at 577,906, as shown by the 1920 census. The final check on the data sent by the Los Angeles enumerators has not been completed, however, and this total may be more or less changed in the official report. The date of making public the latter has not been announced.

REIGN OF TERROR IN ESSEN.

Machine Guns and Rifles Rattle and Crack in Hands of Kapp Troops.

BY GEORGE SELDES.

DUSSELDORF, April 9.—(By Cable—Exclusive Dispatch.)

Paris, April 9.—Kapp's Baltic troops, a contingent of the government army, has begun a reign of terror in Essen, killing men and women as it did in Berlin.

Machine guns rattle and rifles crack all day and night long, terrorizing the inhabitants, who are keeping within doors. It is estimated 250 citizens have been killed by the troops.

The Reichswehr was welcomed formally by the Krupp director and mine owners, Burghard Luther and other officials, but workingmen who had fought the Kappists reorganized. Kappists among the Reichswehr wherever the troops answered their snarls with hand grenades and personal assaults.

Mrs. Ellen Harding of the London Daily News and F. A. Voigt of the Manchester Guardian, British news correspondents, were arrested by Lieut. Linsmeyer because he was displeased with their telegrams which were found in the postoffice. Mr. Voigt's hands were in his pockets throughout the interrogation.

"I'll teach you damned Englishmen to behave in the presence of a Prussian officer," said Linsmeyer, and he ordered two soldiers to assault Mr. Voigt, who was badly beaten up.

Mrs. Harding recognized the troops as part of the Iron Division, part bearing the swastika insignia of the marine brigade which supported Kapp. Lieut. Linsmeyer ordered the insignia removed, then freed Mrs. Harding.

I have just returned from Essen and am informing the British government of the doings.

According to their executive council here a thousand unarmed Red troops are en route to Dusseldorf on a search for money and clothing. The council asked the Executive office of the British government to offer Belgians only. Wire communication is interrupted.

KANSAS MINE CHIEF JAILED.

GIRARD (Kan.), April 9.—Alexander Howat and the three other miners' union officials sentenced to jail today for contempt of court were landed in the jail here at 1:25 o'clock this afternoon.

PITTSBURG (Kan.), April 9.—Alexander Howat, president of the Kansas coal miners, was sentenced to jail for contempt of court by Judge Andrew J. Curran of the Crawford County District Court today.

The judge sentenced Howat and three associate union officials to the County Jail until such time as they will testify before the Kansas Court of Industrial Relations.

Four miles of the district were idle this morning on account of the hearing. It was announced at the headquarters of the operators.

Howat, shortly after he reached his office, made the statement: "Our position is unchanged. We stand where we stood. We refuse to testify before this court because we do not recognize the court. It is an institution founded to enslave the workingman."

Howat was found guilty of contempt for refusing to obey an order of the court to appear in court with four other officers of the United Mine Workers of America of the Girard district, who shall fall in line with the coal mining industry now being conducted by the Kansas Court of Industrial Relations.

MRS. DEAN FEARS POISON.

SAN LUIS OBISPO, April 9.—At 4 a.m. today, about one hour earlier than her husband was brutally slain in his bed at their home on November 17, Mrs. Myrtle Dean beat upon the door of her cell here and pleaded for the release of her husband.

When Sheriff Taylor arrived she pointed tragically to a glass of medicine that had been prepared for her and declared that it was poisoned.

She seems to think that a plot is on foot among some of the allies of France to poison her, and she declares that it was poisoned.

Bright Ball Climax of Equestrian Fete at Santa Barbara.

Among the Guests at the Horse Show Dance at the Hotel Ambassador Last Night.

HORSE SHOW TOPPED OFF WITH GAY DANCE.

FINAL AWARDS WILL BE MADE TODAY IN BIG EVENT AT HOTEL AMBASSADOR.

SANTA BARBARA, April 9.—A brilliant dance this evening and the appearance of Iola Chieftain, owned by F. W. Matheson, in the ring today were outstanding events of the horse show at the Hotel Ambassador. Tomorrow afternoon the final awards will be made.

Tomorrow, Miss Jeanne McPherson is to appear with Mercury, the "flying" horse sponsored by her for the Mercury Aviation Company.

The lobby of the Ambassador, where there was a grand ball to-night, took on the flavor of the horse show in white taffeta and ivy and pink roses, suspended throughout the draped spaces.

Others at the ball were Mrs. E. F. Holmes, in jade green velvet and carrying a huge ostrich feather fan of the same color; Mrs. Jennie McPherson, in white taffeta; Miss Gen. and Mrs. Frank C. Prescott and a party consisting of Mr. and Mrs. W. W. Nash, Mrs. Charles Hamilton and Mrs. Banks of Pasadena, came up for the special purpose of seeing Shabaz and Iola Chieftain receiving honors. These people are old friends of Mr. Matheson, the owner of the horses.

With the Reverend G. English party at the Ambassador and attending the horse show ball were Mrs. English, wearing a silver-gray ensemble, and Mrs. W. W. Nash, in white taffeta, in white charmes with rich red lace shoulder collar; Miss Frances Robinson, in white taffeta, trimmed with bouquets of pink roses; Miss Farris Norton, white taffeta brocade in silver, the skirt in harem effect; and Miss Elida McCormick, in white georgette, a regal gown, draped in orchid-colored tulle, the tunic edged with parti-colored flounces.

ULTIMATUM IS DEFIED.

Strikers Ordered Back; Won't Go.

Plan to Ignore Demand of Railways, Though Indorsed by Brother's Code.

San Francisco Trainmen are Called Out at Midnight at Their Terminals.

Members of the lodge, it was announced, were instructed to bring all trains to their terminals and then leave their posts.

Southern Pacific officials announced it was possible that but a minority of the members of the lodge took this action and that the remainder would remain at work.

A deadlock in the railway switchmen's strike appeared probable here last night when the strikers declared they will ignore the ultimatum issued by the steam railroad officials to the effect that all strikers not responding to call at 4 p.m. of thereafter today will be regarded as having terminated their employment with the company.

This ultimatum is backed up by the brotherhoods from which the strikers have outlasted themselves.

General managers of the Southern Pacific and Santa Fe railroads, following a conference yesterday afternoon, simultaneously issued ultimatums to the strikers.

William G. Farnsworth, general manager of the Southern Pacific, has engaged 100 special officers for service in the railroad yards today and will call upon the strikers for a special detail of patrolmen if it appears that extra help will be necessary. He says he expects to see no trouble, but that he expects to be fully prepared to handle any situation which may arise.

After an all-day session yesterday the switchmen seemed more determined to continue the strike, declaring that it is a matter of bread and butter with them. They are not willing to give up their fight for a special detail of patrolmen if it appears that extra help will be necessary.

He stated that he has a wife and five children, one girl being in school and another trying to work her way through the University of Southern California.

"We can't live decently, support our families, and lay by a nickel on \$35 a week," he said. "This man said the 1500 switchmen are striking here."

Passenger traffic in and out of the city yesterday was almost normal. All three roads were able to run trains practically on time, because they had well-organized emergency switching crews. Freight is at a standstill, and probably will be today. Unless the strike breaks at once there may be a shortage of certain foodstuffs here. Eggs, butter, milk and other perishables cannot be shipped in freely, and will have to come from distant points by auto truck. The present supply, however, coupled with the cold storage reserves, should enable the community to "carry on" for some time. Mail service is being rendered without interruption, according to postoffice attaches.

Considerable anxiety is felt regarding shipments of perishable fruits and vegetables from Southern California. An embargo has been placed upon the shipment of citrus fruits, trying up 150 carloads a day. Last night's strike will put a stop to picking for a short time and will afford some relief, it is expected.

A. F. Tomlinson, general representative of the grand lodge of the Brotherhood of Railway Clerks, says he will continue to work the clerks are switching. He said that clerks have done some of the work that they don't know how.

William G. Farnsworth, representing the Santa Fe switchmen, says the strike is being conducted in an orderly manner, and that if the railroads become so strikers have been asked the place of those who left their posts it will be agreeable to the strikers. He said that the strikers don't want to resume work at the old wage scale.

The Santa Fe switchmen are out.

GERMANS WITHDRAW.
(BY CABLE AND ASSOCIATED PRESS.)
BERLIN, April 9.—The German regular troops which had crossed the River Ruhr were withdrawing yesterday to the northern bank of that stream. It is announced here that the Ruhr passes just to the south of Essen in the northern central part of the Ruhr.

Officials of the cities of Barmen, Elberfeld and Düsseldorf, it is said, requested the Minister of Defense not to allow the troops to enter these towns.

The majority socialist paper Vorwärts has advised from Düsseldorf which declares that a general strike is impending in which all parties will unite.

The number of persons who have crossed the line from the Ruhr region into occupied territory is in excess of a thousand, according to the British authorities.

Served Berlin newspapers print the report that the American member of the inter-allied commission informed the president of the commission that he refused to participate in any decisions of the commission favoring the advance of the French into unoccupied Germany.

CAMBRON AND CURSON CONFERENCE.
(BY CABLE AND ASSOCIATED PRESS.)
LONDON, April 9.—Paul Cambon, the French Ambassador, has formally given such explanations to Lord Curzon, the Foreign Minister, regarding the policy to be pursued by France in connection with the German situation as to lead to the extension of the matters will be speedily smoothed over between France and Great Britain, the diplomatic correspondent of the Evening Standard writes today.

Italy's attitude respecting the French occupation of Frankfurt appears fully with that expressed in behalf of Great Britain in the statement issued last evening by Vittorio Salais, the Italian Foreign Minister, stated today.

HOOVER NOT FOR DEMOCRATS.

Answers Massachusetts Leader by Repeating Refusal of Nomination.

IT A. P. NIGHT WIRE.

NEW YORK, April 9.—Herbert Hoover again has answered "no" to an inquiry whether he would accept the Democratic nomination for President if it were offered to him. In a telegram sent today to Chapin M. Wood, chairman of the Executive Committee of the Democratic State Committee of Massachusetts, Mr. Hoover said:

"Your published letter asking if I would accept the Democratic nomination has been received by me, and I appreciate the implied compliment. I gather that it was written prior to a statement of mine last Saturday, which appeared in Boston and other papers. You will no doubt, therefore, appreciate that the answer to your inquiry is 'No.'"

government has forwarded to Dr. Von Meyer, German Charge d'Affaires at Paris, an emphatic note declaring that Germany will hold France responsible for all damages and casualties resulting out of the occupation of the cities in Rhine which French troops have entered.

Lieut. Count Galsheim, who was killed yesterday near Hinder West, sixteen miles north of Frankfurt, was shot by a French patrol, according to a sensational dispatch from Frankfurt.

AMERICA AN OBSERVER.
(BY A. P. NIGHT WIRE.)
WASHINGTON, April 9.—America's attitude toward any adjustment of the new situation created by the entry of French troops into the Ruhr district of Germany will continue to be more of observer than an interested participant from what can be learned in official circles here.

While recognizing the seriousness of the situation created by the independent action by France, officials here were not inclined to regard it as "delicate," as the British Foreign Office indicated last night. It was regarded as one of the situations full of potential danger, but in which the probability of adjustment was predominant.

FRANCO-BELGIAN ALLIANCE.
(BY CABLE AND ASSOCIATED PRESS.)
BRUSSELS, April 9.—It is stated that once the question of Luxembourg railways is settled between Belgium and France, negotiations will com-

menes for the completion of a Franco-Belgian military alliance. **MUST SALUTE FRENCH.**
(BY CABLE AND ASSOCIATED PRESS.)
BERLIN, April 9.—Advice from the Rhineland report the French commander-in-chief in the area occupied by his troops has ordered all Germans to salute the French flag and French officers and that he threatens reprisals if there are fresh outbreaks.

The arrival of fresh French forces throughout the day is reported. Railway communication between the occupied area and the rest of Germany is still suspended. Strasbourg dispatches say new troops are steadily crossing the Rhine.

PENNSYLVANIA DEFAULTS.
(BY A. P. NIGHT WIRE.)
HARRISBURG (Pa.), April 9.—There will be no contest on either the Republican or Democratic Presidential preference ballot in Pennsylvania at the primary election, May 18. The time for filing petitions expired at midnight last night and the records show that A. Mitchell Palmer's name will be the only one on the Democratic ballot and that of Edward Randolph Wood, a retired business man of Philadelphia, will be the sole non-indebted Republican ticket.

SOUTH DAKOTA TOTALS.
PIERRE (S. D.), April 9.—An unofficial count of the total vote in the March 23 general primary of this State given out here today shows:

For Republican Presidential incumbent—Wood, 21,634; Lowden, 18,992; Johnson, 28,194; Poundstater, 114.

For Republican Presidential incumbent—James W. Gerard, 2383; James O. Monroe, 1939.

SAYS HOOVER'S OUR MOST OUTSPOKEN MAN.
(BY A. P. NIGHT WIRE.)
ST. LOUIS, April 9.—The Democratic National Convention must repudiate the stand of President Wilson for unmodified ratification of the peace treaty, United States Senator Walsh, Democrat, Massachusetts, declared in an address here tonight.

"If it does not," he said, "the Democratic party faces a catastrophe in the coming election."

Of all the Democrats who have been widely mentioned as possible candidates for President, the speaker said, only Senator Hitchcock, leader of the administration forces in the Senate, would consent to run on a platform of ratification of the treaty.

Senator Walsh declared he went to the Senate in sympathy with the President, but he found the treaty against his critics. He found the treaty "a betrayal of the faith," and that "the treaty is fatally defective."

The speaker attacked the demands made on Germany by the Allies, and declared that promises which the President had made and was unable to keep were responsible "wherever there is rebellion against oppression in the world today."

FARGO (N.D.), April 9.—A special committee of the North Da-

kota Independent Voters' Association, meeting here last night with committees of Republicans and Democrats, formulated a plan of action for opposing the Nonpartisan League at the primary election, June 26.

It was recommended that Republican and Democratic State conventions be held on the same day in the same city for the forming of party tickets, and that both parties merge on candidates for the Legislature. Final action as to the date and other details will be taken later.

CHARGE HOOVER IS CAPITALISTIC.
Charge is Absolutely False, Declares Merritt.

Points to Rich Men Running as Johnson Delegates.

Vigorous Campaign for Food Chief is Planned.

The charge that Herbert Hoover as candidate for President of the United States represents the capitalistic interests of the country was branded as absolutely false yesterday by Ralph Merritt, campaign leader for Hoover in California.

Mr. Merritt arrived in Los Angeles for a conference with Southern California leaders of the movement, with whom he laid plans for a whirlwind campaign in this part of the State during the next three weeks.

"The Johnson machine," declared Mr. Merritt, "is backed by capital interests. It is a machine for the rich men of the country. It is a machine for the rich men of the country. It is a machine for the rich men of the country."

DENIES HOOVER IS CAPITALISTIC.

Charge is Absolutely False, Declares Merritt.

Points to Rich Men Running as Johnson Delegates.

Vigorous Campaign for Food Chief is Planned.

The charge that Herbert Hoover as candidate for President of the United States represents the capitalistic interests of the country was branded as absolutely false yesterday by Ralph Merritt, campaign leader for Hoover in California.

Mr. Merritt arrived in Los Angeles for a conference with Southern California leaders of the movement, with whom he laid plans for a whirlwind campaign in this part of the State during the next three weeks.

"The Johnson machine," declared Mr. Merritt, "is backed by capital interests. It is a machine for the rich men of the country. It is a machine for the rich men of the country. It is a machine for the rich men of the country."

ALLIES CONFUSED BY FRENCH ACTION.

OCCUPATION OF NEUTRAL ZONE SEEMS TO HAVE DIPLOMATIC GUESSING.

LONDON, April 9.—The situation among the Allies regarding the French occupation movement in the neutral zone appeared today to be one of confusion.

So far as could be learned the representatives in London of the Allied powers had not been informed what steps might be taken to clear up the situation or even whether a conference was to be held to discuss it.

Vittorio Salais, the Italian Foreign Minister, said his understanding was that a conference on the question was to be held tomorrow in London. In British official circles it was stated that no conference had been called.

It is stated here in usually reliable sources that the French official world is as greatly perturbed over the political conditions in France as it is regarding the delicacy of the situation among the Allies. The troop movement initiated by Premier Millerand and Marshal Foch, it is declared, was against the wishes of those of more moderate opinion in Paris.

The British statement of last night was a surprise in many quarters, notwithstanding that official Britain had maintained since the outbreak of the German revolutionary movement that it would hold aloof unless there was a more marked violation of the Treaty of Versailles than the sending of troops into the Ruhr region.

If a conference were called, it is extremely unlikely that John W. Davis, the American Ambassador, would be invited. He would not attend. It is known, unless he were instructed to do so from Washington.

HUGE SUMS FIGURE IN BUSINESS EXPANSION.

RAILROADS AND BUSINESS CORPORATIONS PLAN BIG BORROWING PROGRAM.

(EXCLUSIVE DISPATCH.)
NEW YORK, April 9.—New financing aggregating close to \$250,000,000 is being discussed by banks and railroad and industrial leaders, and it is expected that most of this will be definitely announced within a very short time.

The New York Central, it is said, will announce the sale of an issue of between \$30,000,000 and \$35,000,000 and the offering price is likely to be in the neighborhood of 7 per cent.

The Union Pacific and the Atchafalaya & Santa Fe are also expected to come into the market. The Union Pacific issue is expected to be around \$25,000,000 while the A. T. & S. F. is expected to order about \$5,000,000.

Standard Oil Company of New Jersey and the Sinclair Consolidated Oil Corporation are understood to be negotiating. The Standard Oil Company is expected to borrow upwards of \$100,000,000 while the Sinclair Consolidated probably will receive about \$25,000,000 and possibly \$75,000,000.

SALVADOR ACTS TO EXCLUDE U.S.

Adopts Decree Proposing Latin-American Court.

Would Abolish Pan-American Union by Measure.

New Arbitration Tribunal for Peace and War.

(BY A. P. NIGHT WIRE.)
WASHINGTON, April 9.—After studying the State Department's interpretation of the Monroe Doctrine, the Salvadoran Congress today adopted a decree proposing the creation of a Latin-American court of arbitration with the United States excluded.

Should the proposed court be decided, the Pan-American Union, with headquarters here, the Central American court of justice of Carage, and the International Bureau of Goodwill in formation of which the United States was instrumental, would be abolished.

As received here through other official channels, the decree follows: "The executive is hereby authorized to address the chancelleries of the Latin-American countries through whatever instrumentalities he may deem most suitable, with a view to bringing to their knowledge and consideration the establishment of a court of arbitration to settle international difficulties of any nature arising among the signatory powers, subject to the following conditions:

"(1) Each of the signatory powers, through its respective legislative branch, shall designate a representative who shall serve for the period stated by its constitution. The most of the court shall be chosen by the governments.

"GOVERNED BY COURT.
"(2) The signatory powers shall submit to the court all questions that might give rise to international complications, wherever they cannot be settled by the signatory powers. In the event of a conflict arising between the signatory powers and another nation not signatory to the court, and no agreement having been reached, the signatory powers shall place all the documents in the case at the disposal of the court, which shall proceed as it deems best toward the settlement of the difficulty.

"(3) Unfortunately, this friendly settlement should fail, notice thereof shall be given to the signatory powers, so that they make common cause, and the closing of their ports to the trade of the offending country; and should this not prove adequate, they shall be bound to render assistance with their land and sea forces. The country benefited shall be obliged to bear the expenses, according to its resources and in the discretion of the court.

"(4) The court shall aid in the construction of ships among the signatory powers which do not possess them; these shall be devoted in times of peace to trade purposes and during the war to coastwise defense.

"TO PREVENT WAR.
"(5) Should civil war break out in a signatory power, the court may intervene to bring about a cessation of the horrors when ever it shall deem it necessary, and the other powers shall lend their aid as may be determined.

"(6) The court shall devote special attention to the enactment of adequate, uniform legislation among the signatory powers, and to stimulating the friendliest possible relations.

"(7) The executive is hereby authorized to offer the capital of the republic to the other nations in the event that no other be chosen for the first meeting, and to pay the necessary expenses.

"(8) Immediately after the installation of the Latin-American court, the Central American court of justice of Carage, the International Bureau of Goodwill, and the Pan-American Union (the Pan-American Union) with its seat in Washington, shall cease to function should the court so decide."

Two of Bishop Hughes' colleagues will be among the speakers. They are Bishop Adna W. Leonard of San Francisco and Bishop Herbert Welch of Korea. Other speakers will be Rev. Leslie E. Learned, rector of All Saints' Episcopal Church; Dr. Charles Edward Locke, pastor of the First Methodist Church, Los Angeles, and Dr. C. V. Cowan of Pasadena. Rev. Marie M. Smith, pastor of the church, will read the scripture lesson and Dr. Ezra Healy of Los Angeles will offer prayer. The funeral of Bishop Hughes takes place tomorrow in Portland, Ore.

PLAN NEW CLUB.
The purchase of the Oak Knoll property of the late Baroness Rose von Zimmern, by a syndicate of wealthy easterners as a club, is rumored. George M. Reynolds, president of the Continental National Bank of Chicago is reported to be back of the project. A clubhouse, tennis courts and an eighteen-hole private golf course are said to be contemplated. The property is reported to have been sold for \$300,000. It is situated just east of the Huntington Hotel.

SURVEY BOARD NAMED.
Thomas M. Collins, a Los Angeles real estate, W. B. Loughery and George W. Gilbert have been named by the City Commission to appraise the right of way of the proposed municipal railway. C. W. Koller, general manager of the municipal lighting plant, has been commissioned to base on the engineer's estimates of the electrical installation and equipment of the proposed road.

HOSPITAL FUND GROWING.
Nearly \$100,000 was reported today by the teams in the Pasadena hospital campaign, bringing the total for the first two days to \$200,000 in the million-dollar drive. Walter M. Murphy, the automobile man, was the latest subscriber, giving

\$20,000. A committee headed by Dr. C. D. Lockwood appeared before the City Commission today and asked for a subscription of \$100,000 to be used in building a contagious ward at the new hospital. The Commission has taken the request under consideration. Opposition to the gift of public funds was voiced by Commissioners Reeves, Newell and Salisbury, who objected because out-paths are prohibited from practicing at the hospital.

CITY CHEMIST RESIGNS.
Frank E. Marks, City Chemist, has tendered his resignation to the City Commission to take effect May 1. The City Commission will act on his resignation at its meeting next Tuesday. Because of his recent altercation with Commissioner W. H. Reeves of the Department of Public Works, the Commission put Chemist Marks under the jurisdiction of the whole commission.

TO ERECT STANDS.
A new grand stand is to be erected at Tournament Park to accommodate the crowds expected in Pasadena to attend the western tryouts for the American Olympic team. The City Commission has agreed to spend \$1000 on the stand, besides constructing a quarter-mile track.

AUTO MEN LEAVE.
More than 100 Pasadena automobile men left today for San Diego where they will spend three days. The trip is being taken under auspices of the Pasadena Automobile Dealers' Association, and is the second annual outing of the organization.

OPPOSE SAVING PLAN.
The daylight-saving plan as a local measure has been killed by the action of the Pasadena Merchants' Association, which has decided against the proposal unless adopted generally in Southern California. Only one firm has adopted the daylight saving plan here this spring.

SANTA MONICA, April 9.—That the burglar who robbed the home of the Maurice Maerlink family suddenly discovered by reading the

A gold-lined silver purse, containing some money and a pair of woman's hose were taken by the burglar, who climbed to the second-story porch and entered a window in the absence of the family. He evidently was frightened and escaped through the same window without covering his tracks.

(EXCLUSIVE DISPATCH.)
SANTA BARBARA, April 9.—

Marguerite Doe Rogers of Montecito, heir to a \$22,000,000 estate, left by her father, Benjamin Doe, pioneer lumberman of the Pacific Coast, and Joieffret Stuart Courtney of Santa Barbara and London, were married at San Francisco yesterday, according to news which today reached Montecito friends.

As Marguerite Doe, the bride was first married in San Francisco, just before the outbreak of the war, to Elliott Rogers, son of the late Robert Cameron Rogers. With other wealthy girls of the Coast, she went to France, stirred by the romance of attending wounded Frenchmen in the hospitals of their native land.

Rogers, a young banker here, followed, joining the French ambulance service. When his country entered the war Rogers was transferred to the American Ambulance Service and remained abroad for a year after the armistice was granted.

A few weeks ago Mrs. Rogers returned from Europe, after a brief visit at her Montecito home went to San Francisco, and now comes here to her native land, to be solemnized by the Rev. James Clement Reed at the First Presbyterian Church in San Francisco. Following the nuptials, the couple left for Portland, Ore., on a honeymoon.

A feature of the wedding ceremony was the formal acceptance of service by cable by Mrs. Rogers while at the home of the bride, which is one of the palatial residences of the Montecito section.

ADOPT MERIT SYSTEM
ON STREET CAR LINES.

CAR CREWS PROMISED CREDIT
MARKS AND BONUS FOR
GOOD SERVICE.

The old method of discipline for trainmen was abolished yesterday by G. J. Kuhrt, general manager of the Los Angeles Railway, and a merit system was adopted to foster efficiency.

In a bulletin posted by General Manager Kuhrt it was stated that the merit system will be a plan of "discipline by record." For meritorious action in averting accidents credits will be given the employees. Each five credits will count 1 per cent. of the trainman's record. A rating of 100 per cent., which will be made upon reports of officials and patrons, will represent the maximum in efficiency, service and conduct, and a rating of 75 per cent. will represent the minimum. Trainmen receiving above 100 per cent. will be given special consideration. To encourage the trainmen to maintain the highest possible efficiency a fund, based upon an award of \$60 a year, or \$5 a month for each man who has a clear record for the entire period, is to be set aside by the company from April 15 to November 1, 1920. Those who have been in the service of the company for more than six months and less than eight months, a proportionate sum will be awarded for meritorious service.

**RAINBOW VETERANS
TO CONVENE TODAY.**

DECORATION OF ENGINEERS' FLAG WILL INAUGURATE TWO-DAY MEETING.

In the presence of gold-star mothers, school children, patriotic societies, members of civic organizations and many veterans of the great war, the colors of the One Hundred and Seventeenth Engineers will be decorated this afternoon at Exposition Park, with impressive ceremonies. The flag will mark the opening of a two-day convention in this city of former soldiers of the Rainbow Division. More than 400 delegates to the convention are due to arrive today from all parts of the State.

Following receptions for delegates at the Southern Pacific station and a tour of the city in automobiles the programs in the park will start. Eight silver cups, one for each battle in which the One Hundred and Seventeenth Engineers participated, will be placed on the flagstaff this afternoon. The ceremony is to be under the auspices of the Military and Naval Affairs Committee of the Chamber of Commerce, with Col. A. J. Copp, Jr., in charge, and Maynard McPhee, president of the chamber, as master of ceremonies. Capt. John D. Fredericks and Adjt.-Gen. Berce will speak. The actual decoration of the colors which were brought from Sacramento yesterday under guard, will be done by Maj. Ralph M. Hughes, formerly of the One Hundred and Seventeenth Engineers. The National Guard Regimental Band will play and L. S. Pilcher will lead in community singing.

The first row of seats for spectators at the ceremony will be held for the gold-star mothers of the regiment and other relatives of the men. After the decoration ceremonial, convention delegates and their friends will be entertained at a ball and reception at the Athletic Club. Business sessions will be in progress all day tomorrow at Columbus Hall, 612 South Flower street. A banquet at the Athletic Club and a theater party at the Morosco tomorrow evening will close the convention activities.

LOCOMOBILE—MERCER—SIMPLEX

*What new types of cars and trucks
will Hare's Motors build?*

THE outstanding characteristic of the motor vehicle market of the past five years has been its evolution towards a strict transportation basis.

Whereas in the early days of the industry passenger motor cars were bought for the pleasure and diversion they would give, they are bought today almost solely as a means of getting from place to place—in varying degrees of comfort, it is true, but nevertheless primarily for travel rather than for recreation pure and simple.

The buying of motor trucks, too, thoroughly haphazard before the science of motor haulage was fully understood, has become very much a matter of elementary arithmetic based on known or easily determinable factors.

By the process of this evolution the problem of the car buyer and the problem of the truck buyer have become essentially the same, though the one relates to the passenger mile and the other to the ton mile.

Hare's Motors enters the field of motor vehicle production prepared to meet this market intelligently. Its officers, by reason of long and thorough experience, know the requirements of the situation from a to z. They are not going to be led into the error of building to a pet design or to a glittering theory. They intend to build transportation—passenger and freight—and to sell it on a transportation basis.

Such a program makes first quality indispensable. Products offered to the public on

their transportation value must be thoroughly sound in all the fundamentals.

Quality is the keynote of the Hare's Motors policy. Mr. Hare and his associates are men of long experience in the quality field—unfamiliar, indeed, with any other. And the factory standards of Locomobile, Mercer and Simplex are too well known to the public to require description. These standards are bred into the workmen in the shops, into the foremen, into the testers, into the clerks. The entire organization thinks quality. It works as a unit to put into each day's production a little finer workmanship than that of the day before.

The Hare's Motors line of passenger cars and trucks is being added to as rapidly as possible. It will include a diversity of non-competing units, differing as to size, capacity, weight and price, but each the best that can be built to provide the character of transportation intended. Right down the line the public will receive the soundest value for the money invested and will find in every unit a vehicle constructed throughout for the particular transportation service it is designed to render.

Due announcement of all new developments will be made. In the meantime let it be understood that Locomobile, Mercer and Simplex under the direction of Hare's Motors have combined their resources to furnish, not this or that type of car or truck, but transportation, and, that what the transportation needs of the public require, their aim is to supply.

DEATH CLAIMS

I. W. HELLMAN.

Pioneer Southland Banker Succumbs in North.

Began Career as Dry Goods Clerk in Los Angeles.

Was State University Regent; Man of Many Interests.

Isaiah W. Hellman, pioneer Southland financier and director of many corporations, died in San Francisco, yesterday, aged 77 years.

The death of Mr. Hellman has taken from the western banking circles a man who, though penurious at the beginning of his career, won his way step by step to one of the highest positions in the financial world. He started his business life as a dry goods clerk in a store in the old Arcadia de Baker Block on Main street. He finished his career as the president of the oldest banking establishment in Los Angeles, as president of a San Francisco Bank, and as a director of many other banks and corporations.

The sudden death of the aged financier was due, in part, to the critical illness of his son, I. W. Hellman, Jr., president of the Union Trust Company. He had taken his son to the Adler Sanatorium, in San Francisco when he suffered a collapse during the son's illness and failed to rally. Mr. Hellman, the father, has resided in San Francisco since 1891, when he moved to the Bay City, with his family, to reorganize the old Nevada National Bank, which later was renamed the Wells Fargo Nevada National Bank. He was born in Bavaria, October 3, 1842, and was educated in the public schools of Germany and at the College of Markheim, Bavaria.

In 1859, at the age of 17 years, he left Germany for America, and in 1859 he arrived in San Francisco by the Isthmian route. But he only remained in that city a short time when he selected Los Angeles as his home. When the youth entered Los Angeles it was then but a frontier town and the small business section was clustered around the old Plaza. It was there he received his first lesson in business as a dry goods clerk.

RUSH MAIL TO THEIR APPARENT.

Inspector Delivers Precious Cargo at Sea and Gets Warm Handshake.

One of the hands that shook that of the Prince of Wales was that of Postoffice Inspector Cookson. The handshake took place just as H. M. S. Renown was about to point her nose toward Honolulu from five miles out of San Diego, at the conclusion of the festivities in honor of the heir to the English throne.

Inspector Cookson had made a hurry run from Los Angeles with a sack of mail destined for the Prince, that had arrived in New York, and was sent West on a fast train. He reached San Diego, with the mail, after the Renown had left, but immediately had the services of a tender at the municipal wharf to carry him and his mail burden to the Prince's ship.
